Central Fresno (June 29)	Fresno					Support all Free - bike lane new/improvement projects but want them improved such that bike riders don't have to stop or get off at driveways or other intersections. Improved connectivity N-S and E-W esp. in city core and downtown.		Evan Shipp & Colby Morrow	troutrshp@comcast.net	559-903-2290	
Central Fresno (June 29)	Fresno	Sugar Pine Trail	whole length		Add or repair trail	All of the street/driveway intersections need improvement in terms of straighten out ramps to allow bicycles straight thru rather than having to use the ADA ramps. Evaluate the type of crossings that the City of Clovis installed along their section of the trail from the beginning. Make the cars stop or at least provide flashers that they know bikes are approaching.		Colby Morrow	troutrshp@comcast.net	559-903-2290	
Central Fresno (June 29)	Fresno	Sugar Pine Trail	Cedar	Maple	Add or repair trail	Fix trail crossings so that cars stay behind trail alignment. Put limit lines for cars behind alignment of trail. Possibly use roundabouts at intersections. Do not cut trail for more development without a good safe standard for crossings.		Evan Shipp	troutrshp@comcast.net	559-903-2290	
Central Fresno (June 29)	Fresno	Eaton trail example			Other	Develop safe bike trail intersections. Bicycle trails should have better street crossings. Not ADA ramps. The intersection should be traffic calming. A good example is First between Audubon of Fresno St with an island in the road cut. This example is the driveway at Paychex across the street from new Fresno 40 development.		Evan Shipp	troutrshp@comcast.net	559-903-2290
