

**1. Is there still a DBE/good faith effort requirement given the recent federal regulation?**

*All DBE requirements are currently suspended. You do not need to provide any DBE related information.*

**2. Section E: Management Approach and Section J: Summary of Qualifications both ask for personnel name and qualifications, is it ok to only include this in Section E?**

*Section E should describe the firm's management approach including the team members and their qualifications. Section J only requires a summary of the firm's qualifications. Apologies for some duplicate texts in Section J.*
