

Fresno County SB 375 Task Force

2012 Target Setting Kick-off Meeting

Fresno Council of Governments

October 19, 2011

2010 Recommended Targets

- 2020 ----- -6%
- 2035 ----- -4%

*Targets are expressed as percent per capita greenhouse gas emission reduction against 2005.

Place Holder Targets from the ARB

- 2020 ----- -5%
- 2035 ----- -10%

Provisional Targets in 2012

- Not every MPO in the Valley submitted suggested targets
- Significant model improvement with \$2.5 million of SGC funding
- Provide the Valley with necessary time to decide how the MPOs are going to work together

2013 Regional Transportation Plan

- Attorney General's office's involvement resulting in 2013 RTP update
- 2012 provisional targets will be used in 2013 SCS/RTP development
- Target will be formally adopted in 2014

Valley-wide Coordination

- Target format:
 - Valley-wide target
 - Sub-regional targets
 - Individual county targets
- SCS coordination

Fresno COG Approach

- New land use (Fresno, Clovis GP update)
- Financially constrained scenarios
- New models
- New market information from PTIS

Timeline

- Fresno scenario development by March 2012
- Valley-wide target recommendation by August 2012
- ARB considers provisional targets in October 2012
